## URINAL HALF-GALLON PER FLUSH RETROFIT REBATE APPLICATION

Denver Water will pay our commercial, industrial and institutional customers to install half-gallon per flush (gpf) Urinal Retrofit Kits in compatible urinals.

The Urinal Half-Gallon per Flush Retrofit Rebate program offers a rebate of \$25 per urinal retrofitted with applicable kits. *Note: It is recommended that a half gpf urinal retrofit kit be tested to assure customer that flush volume is adequate. Certain older blow-out urinals and some wash down urinals may require higher flush volumes.*

### Qualifications:

- Customer must receive treated water from Denver Water or a Denver Water provider. (See accompanying list to see if your provider qualifies).
- A receipt for the new half-gallon urinal kit(s), dated between January 1 – December 31, 2009 must be provided with your application.
- **SUBMIT YOUR APPLICATION WITHIN 90 DAYS OF PURCHASE.** Installation and inspection must be completed within 12 months.
- Denver Water must verify installation and will call to schedule an inspection visit.
- Mail completed application form to Denver Water, MC 330, 1600 W. 12th Ave, Denver CO 80204.
- Please allow 8-12 weeks for your completed application to be processed.
- If you have questions, please call 303-628-6343.

*\* Failure to cash a rebate check within 90 days of issuance shall void the rebate and shall relieve Denver Water of any obligation or liability to pay the rebate. Rebate checks cannot be reissued.*
