

DUAL WATER SUPPLY AGREEMENT

Premise ID: _____

Tap #: _____

Licensed Property Address: _____

Distributor No.: _____

THIS AGREEMENT, is made and entered into this ____ day of _____, _____, by and between the City and County of Denver, acting by and through its BOARD OF WATER COMMISSIONERS ("Denver Water"), and _____ of _____, Colorado ("Property Owner").

Property Owner Printed Name

WHEREAS, the Licensed Property has or may have sources of water supply other than the Denver Water system; and

WHEREAS, the Property Owner desires to obtain water from the water works system of Denver Water.

NOW THEREFORE, the parties agree as follows:

Subject to the following requirements, Denver Water authorizes a _____ inch tap, number _____, to its water works system to serve _____:

- 1. The Property Owner will comply with Denver Water Operating Rules and Engineering Standards and not cause or permit any cross-connection between any non-Denver Water source and the Licensed Property's service connection.
a. The Property Owner shall, at his/her cost, install a backflow prevention assembly approved by Denver Water. This assembly must be tested annually by a certified backflow technician, and the results provided to Denver Water's Cross-Connection Control section.
2. Inspection. All well cut-offs or disconnects must be inspected by Denver Water personnel before back fill. Denver Water personnel shall be given free access to the premises at reasonable hours for purposes of routine inspections and as-needed for emergency situations.
3. This Agreement is binding on all future owners of the Licensed Property and is subject to the Denver City Charter, Denver Water Engineering Standards and Operating Rules.

THEREFORE, the parties have executed this Agreement.
